## HALF-BACK HOGE

of the High School, a Fixture With the Wheeling Team—The Locals Will Have a Star Back Field and Fast Team.

As prophesied by a score of his admirers, George Hoge, the Wheeling high school's star half-back, possesses senior form. His work at practice with the Wheeling team yesterday demonstrated this. He was tried at left half. The signals were new to him, yet he displayed all the car-marks of a crack and he improved as the practice progressed. He was one of the other good talent given a careful drilling by Capt. Frank Kincheloe and Dr. Andrew Wilson, an old U. of P. player. There will be another practice this afternoon at 2:30 o'clock, for the big Thanksgiving game at the Island ball park, with the fast Bethany college team.

Word comes from Bethany that a big crowd from there is coming to root for the students, and there will be the usual big Thanksgiving attendance to applaud the work of the home team. The high school boys and girls will wear the school colors, as a compliment to George Hoge, and a section of the grand stand may be reserved for the team. The Wheeling Railroad Company has announced that it will put on rapid service to the ball park, and it is assured the crowd will be handled without any discomfort. Wheeling's back field will be the fastest ever seen. It numbers four popular young men in Frank Kincheloe, at quarter; Charley Alexander, the fleet-footed sprinter at right half; George Hoge at left half, and Howard Edwards, the Moundsville boy who made a great record with the First West Virginia, at full. Other regimental players will include Frank Norrington, Allan Blake and John J. Sillpner. The team as a whole, will be unusually fast.

Several enterprising merchants have begun decorating for the game. Noticeable are the green and white of Bethany, entwined with Wheeling's red and blue, at J. C. Stamp's sporting goods store, on Market street.

## Sullivan Defeated.

NEW YORK, Nov. 28.—Kid Broad, of Cleveland, was awarded the decision over Spike Sullivan at the end of the twenty-fifth round.

## Silver Republicans.

CHICAGO, Nov. 28.—Informal discussion by members of the executive committee of the National Silver Republican committee, and chairmen of the state committee, at the meeting held here to-day, developed, as the consensus of purpose, adherence to the

Bryan Democracy, "if the right man are nominated."

There was no dissent from the opinion that, as the presidential candidate, William J. Bryan would be "the right man."

## WAS IT DOMAN?

Doubt as to the Identity of the Man Who Escaped From Sheriff and Deputy Marshal.

There is doubt as to the identity of the man whom Deputy Marshal Paulding and Sheriff Harrison, of Morgan county, allowed to escape from them Monday afternoon at the Baltimore & Ohio passenger station. This doubt was caused by the following special dispatch received by the Intelligencer last night:

Special Dispatch to the Intelligencer. ELKHART, Ind., Nov. 28.—Sergeant Whitman and Sheriff Elliott this evening arrested a man at Syracuse, a town fifteen miles from here, whom they are sure is Newton Doman. The man answers the description of the murderer in every particular, and he has been placed in the county jail and the West Virginia authorities notified. He will be held, subject to their orders. Doman had been here about four weeks prior to his departure two weeks ago. His strange actions, combined with the fact that he gave two different names, Frank and Jack Doman, directed suspicion toward him, even before the police received the notice that he was wanted. His physical peculiarities are very marked. During the time a deaf mute, who gave his name as Devoe, was seen with him, and Devoe, who has disappeared without leaving a trace, is supposed to have been Holland Kator, who is wanted as an accomplice. Doman, who did odd jobs, went from here to Wakarusa, this county; then to the next nearest town, Nappanee, and was not heard of again until located at Syracuse Monday. The prisoner has not been told the nature of the accusation against him, but he betrays great uneasiness. He gave his name as Vansky at Syracuse.

Yesterday, Sheriff Harrison telephoned the Wheeling police from Berkeley Springs, asking them to make every effort to apprehend Doman, but this was evidently before he had heard of the Elkheart capture. It looks as though the man who escaped here was the wrong man.

## POSSE AFTER MOORE,

Who Killed a Constable and Wounded a Marshal.

SHELBY, Ohio, Nov. 28.—A posse, composed of fifty farmers, is to-day hot on the trail of Ezra Moore, who yesterday shot and killed Constable William Smith, at Chicago Junction, Ohio, and seriously wounded John Conklin, of Plymouth.

The officers had called at Moore's house to serve replevin papers for a buggy, which, it is alleged, Moore had bought and not paid for. Moore, who is a farmer, opened fire on the officers with a shot gun just as they reached his door. The murderer then fled. The farmers in the vicinity at once formed a posse, and with bloodhounds started on the trail of Moore. Reports received here to-day indicate that Moore will be captured before night, and that he will be summarily dealt with.

## THE REPORTED

Uprising of Cubans on Thanksgiving is Doubtful.

WASHINGTON, Nov. 28.—Nothing is known here in official circles to warrant the published predictions to the effect that an uprising on a large scale is set for Thanksgiving Day in Cuba, directed against the Americans. On the contrary, all advices from official sources to the war department go to show that generally conditions in Cuba are most satisfactory. The story is ascribed to a disgruntled member of the late Cuban war party.

## Similar to Franklin Syndicate.

NEW YORK, Nov. 28.—Louis A. Courdain, who has a banking office in the Metropolitan Life Insurance building, at No. 1, Madison avenue, and is alleged to have a scheme similar to that of the Franklin syndicate, with which William F. Miller was connected, was to-day arrested, on the order of Chief of Police Devery. He was taken to police headquarters, and will be charged with larceny. Courdain is said to be a well known lottery man from New Orleans.

John R. Agnew, whose connection with the Washington syndicate, in Greenpoint, Brooklyn, led to his arrest yesterday, was up for arraignment to-day in a Brooklyn police court. In the absence of the district attorney the magistrate would not fix bail.

Edward Nourney, a book-keeper, who, as alleged, handled the prisoners' records, was placed on trial with a view to ascertaining what the financial status of the concern has been and what assets were left, but no information of importance was gleaned from him.

## Committed for Contempt.

INDIANAPOLIS, Ind., Nov. 28.—President Mitchell, of the United Mine Workers of America, to-day received the following telegram from Fort Scott, Kansas: "Reese got three months, \$100 fine. Hog pen for jail."

The telegram referred to John P. Reese, member of the executive committee, who was cited to appear in the United States district court for contempt. President Mitchell says he passed over forbidden ground occupied by the Southwestern Coal & Improvement Company. A restraining order had been issued against Reese, but President Mitchell says Reese had not been served with papers in the case. President Mitchell said: "I have wired for further particulars in the case. We intend to take the case to the President of the United States if there is any chance. Our order will pay the fine. The sentence is an outrage."

## Pittsburgh River News.

PITTSBURGH, Nov. 28.—Two steamboat collisions occurred on the Ohio

river yesterday during the fog. The ferryboat H. B. Sinclair, plying between Chartiers street, Allegheny, and Main street, West End, got out of her course and ran against the towboat Tom Lyle, which was lying at the bank just below the mouth of Saw Mill run. A large hole was knocked in the hull of the Lyle, but the crew on the fleet made rapid repairs and kept the boat from sinking. The Florence Bell, collided with the W. R. Graham near Smoky Island. The damage was trifling.

Major Charles F. Powell to-day replied to some criticisms made yesterday at the Allegheny River Improvement Association convention in reference to Allegheny river improvements. He said that the reason the work of finishing the Herr's Island dam had been delayed so long was because the work was being done under contract system, and he did not approve of this plan of work. He asked to have the contract taken away from the contractors, in order that he could finish it, but the request was refused. In reference to the improvements to be made at Brilliant, he said he had requested the contractors to begin the work, but they said they had three years in which to finish it, and the delay in starting is attributed to the advance in prices of material.

Major Powell says that unless the city of Pittsburgh alters the sewer plans at Brilliant, at its own expense, all improvements on the Allegheny at that place will cease.

## A Burglar Arrested.

Yesterday morning Officer Ervin and Marshal Lindemuth arrested Harvey Dorf at his home on Pearl street, on the charge of burglarizing Messrs. grocery Sunday night. The boy, pleaded guilty and was bound over to court in the sum of \$300. When Dorf was arrested he stated to the officers that others were implicated in the crime, but refused to give any names. Yesterday evening Officer Ervin arrested Ernest Irwin and at his home on Crawford street, the stolen goods were found. When the officer went to the house in search of the lost goods, Irwin's parents told him they knew nothing of them, but assisted the officer in searching the house and the goods were finally discovered. The officers engaged in the work of finding the offenders deserve great praise and the manner in which they executed the work was such that any city would have just reasons to be proud of them.
